"The knowledge and experiences gained at LMH provided an excellent foundation to build my practice. I was able to seamlessly step into my first position with confidence and take on additional responsibilities with ease. LMH's preceptors are fabulous and were invested in my success professionally and personally. The experience at LMH enabled me to assist in the development of a residency program at my current facility further impacting the practice of pharmacy."

"Lawrence Memorial Hospital is a gem! The pharmacy staff and preceptors are invested and committed to the resident's learning experiences. It is a great learning environment with some of the best mentors I have ever had in my professional development. LMH offers a variety of learning experiences that can be tailored to the resident's interest. I truly believe I would not be where I am today without my experiences at LMH. I cannot thank you all enough."

"The residency program at LMH offers amazing learning and professional development experiences that were way beyond my expectations. Not only do you get a solid background in core knowledge areas, but you are able to experience direct patient care, can take on unique projects, develop a working knowledge in medication safety and technology, and take on multiple teaching opportunities. The flexibility allows you to shape your year how you want it, no matter how your interests change throughout the year. The preceptors and directors are phenomenal people and teachers and fully embody the idea that pharmacists should never stop learning! I feel so lucky to have been a resident at LMH."

“The residency program at LMH offers such incredible opportunities to grow personally and professionally. I chose LMH because I felt it could prepare me to work in any type of pharmacy setting, which holds true as I currently work in inpatient, outpatient, and ambulatory care environments. The preceptors have an astounding passion for learning and proudly represent our profession at the state, national, and international level in a positive and professional manner. I cannot thank everyone enough for the truly unique experience. LMH and the preceptors provided me with more learning opportunities than I could have ever imagined while being incredibly supportive and caring. I genuinely enjoy the hospital staff outside of the pharmacy as well. I am so thankful that I was given the opportunity to stay and continue to work with and learn from such wonderful people at LMH!”

“LMH is an outstanding residency program that is dedicated to developing residents into excellent clinical pharmacists and leaders. During my residency year, I was able to grow exponentially, both professionally and personally. LMH provided opportunities, such as international experiences, teaching, and management, which I would not have had at any other PGY-1 residency. This program helped me achieve and surpass the goals I set for the year and allowed me to tailor the residency to my interests. During my application interview, what impressed me most was the people I encountered here. Throughout the year I continued to be impressed with the knowledge, compassion, and dedication the entire pharmacy department displayed. I am so grateful for the opportunity to have trained with employees focused on providing high quality, patient-centered care. I cannot thank the preceptors, pharmacists, and hospital staff enough for truly investing their time and talents in the residency program.”
