## ABOUT LMH HEALTH'S PATIENT-CENTERED TECHNOLOGY INITIATIVE

Sue and Dana Anderson know firsthand how important technology can be for patients at LMH Health.

“The work our doctors do is important to our entire community,” Dana Anderson said. “Sue and I are happy to do what we can to provide them with the very best technology they need to perform at the highest level.”

That’s why the Lawrence couple have made a \$1 million challenge gift to LMH Health for new technology that will benefit surgical and heart patients. The Andersons hope their gift — which is one of the largest philanthropic gifts that the hospital has ever received — will spark other donors to support:

- A new Mako robotic arm for performing partial and total knee replacements, as well as total hip replacements
- Two new da Vinci robotic surgical systems to replace the da Vinci system that has been used at LMH Health since 2013 by general surgeons, urologists and obstetricians/gynecologists.
- A second cardiac catheterization lab, commonly referred to as a heart cath lab.

LMH Health Foundation has committed to help our not-for-profit community hospital raise \$3 million of the \$5 million total cost to purchase the robotics and cath lab. The hospital will fund the balance.

Among other things, this initiative will help ensure LMH Health patients experience:

- Quicker and less painful recoveries after surgeries.
- Shorter hospital stays and reduced reliance on pain medications.
- The many conveniences of having surgery close to home, a benefit to them and their families and friends.
- Seamless transitions to post-surgical therapy or treatment.

## THE BEES KNEES COCKTAIL

Shake up a tasty Roaring 20s cocktail to enjoy  
while you watch Hearts of Gold – at Home!

**Recipe provided by Hearts of Gold Celebrity Bartender, Philip Bradley**

### **Ingredients**

*2 ounces gin*

*3/4 ounces fresh lemon juice*

*1/2 ounces honey syrup\**

*Garnish: lemon twist*

\*Honey syrup: Add 1/2 cup honey and 1/2 cup water to a small saucepan over medium heat. (You can experiment and decide how much of a honey flavor you want in your syrup. The more honey you use, the thicker the syrup and stronger in flavor it will be.) Stir until blended. Strain into a jar and seal tightly with a lid. Will keep for 1 month in the refrigerator.

### *To Make Cocktail*

1. Add all ingredients into a shaker with ice and shake.
2. Strain into a chilled cocktail glass.
3. Garnish with a lemon twist.

# ABOUT LMH HEALTH

LMH Health, formerly Lawrence Memorial Hospital, was founded in 1921, and includes a 174-bed hospital located in Lawrence, Kansas, as well as a number of primary and specialty care clinics throughout Lawrence, Douglas County, Jefferson County and Leavenworth County.

LMH Health is a community, not-for-profit hospital that serves the health care needs of the community regardless of an individual's ability to pay. LMH Health receives no tax support from the city of Lawrence or Douglas County.

Dedicated to serving as a partner for lifelong health, LMH Health invests all excess revenues in services, equipment and facilities that further that mission.
